2- Write one prediction for Jason, Bruce, and Steven according to the dialogue. (3x5=15p) **E7.7.R1. Students will be able to understand short and simple texts about predictions.**

Steven: Do you think robots will be a part of our daily life in the future?

Jason: Yes, I do. I think robots will help us at home. They will cook meals, clean the house, and maybe even help with homework. People will have more free time.

Bruce: That's a good idea, but I think robots may also take our jobs. Many people may lose their work. I'm a bit worried about that.

Steven: I think robots will work at dangerous places like space or deep under the sea. They will make life easier and safer.

Steven: **I think robots will work at dangerous places**.....

Jason: **I think robots will help us at home**.....

Bruce: **I think robots may also take our jobs**..

Why do people go to these places?

People go to the cinema to watch a movie

People go to the hospital to see a doctor

People go to the post office to mail a letter

People go to the library to read a book

4- Answer the questions according to the paragraph given below. (5x6=30p) **E7.9.R1. Students will be able to identify specific information in various texts about environment**

The Earth is our home. It has clean air, water, and trees. But people make the Earth dirty. They throw trash in the rivers.

This makes the water bad for fish. People also cut trees. Trees give us clean air, so this is a problem. Cars make smoke. The smoke makes the air dirty. We can help the Earth! We can walk or ride a bike. We can pick up trash. We can plant new trees.

1. What does the Earth have?
... **Clean air, water, and trees**.....
2. What do people throw in the rivers?
.....**Trash**.....
3. Why is cutting trees a problem?
.....**Trees gives us clean air**.....
4. What makes the air dirty?
.....**Smoke from car**.....
5. Who make the Earth dirty?
.... **People**.....
