1- Read the chat messages between friends. Then answer the questions about the invitation. Write the names. (4x6=24p)

Thomas:
Hey guys! Let's organize a surprise birthday party for Sarah on Saturday!

Lisa:
Wow, that sounds fun! What time will it start?

Edward:
I wish I could come, but I'm visiting my grandma that day.

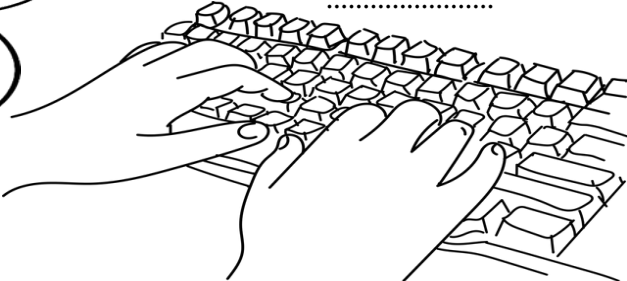

Julie:
Great idea! Count me in!

2- Write one prediction for Jason, Bruce, and Steven according to the dialogue. (3x5=15p)

Steven: Do you think robots will be a part of our daily life in the future?

Jason: Yes, I do. I think robots will help us at home. They will cook meals, clean the house, and maybe even help with homework. People will have more free time.

Bruce: That's a good idea, but I think robots may also take our jobs. Many people may lose their work. I'm a bit worried about that.

Steven: I think robots will work at dangerous places like space or deep under the sea. They will make life easier and safer.

3- Answer the question using these reasons (to see a doctor, to read a book, to watch a movie, and to mail a letter) according to the places given below. (4x4=16p)

Why do people go to these places?

4- Answer the questions according to the paragrapg given below. (5x6=30p)

The Earth is our home. It has clean air, water, and trees. But people make the Earth dirty. They throw trash in the rivers.

This makes the water bad for fish. People also cut trees. Trees give us clean air, so this is a problem. Cars make smoke. The smoke makes the air dirty. We can help the Earth! We can walk or ride a bike. We can pick up trash. We can plant new trees.
